Neuroscience and Cannabis: Implications for Law and Policy *Today!*

Registration is free, but required at this [link](#).

Last registration is 11:30am on the day of the event.

April 20, 2023, 12:30 PM ET
Online

The legalization of cannabis has raised significant questions for law and public policy. In this public event, neuroscientist Dr. Yasmin Hurd will explore the science of cannabis, CBD, and the future of substance use disorder treatment. Dr. Stephanie Tabashneck will then moderate a discussion and audience Q&A about the implications for law and policy.

This panel discussion will be held virtually, as an online webinar. To ensure that you will receive access to the livestream and be kept up to date on any changes to the event, [register now](#). We will send out a link to the livestream of the event to all registrants the day before and day of the event. **Last registration is 11:30am on the day of the event.**

This event is part of the [Project on Law and Applied Neuroscience](#), a collaboration between the Center for Law, Brain and Behavior at Massachusetts General Hospital and the Petrie-Flom Center for Health Law Policy, Biotechnology, and Bioethics at Harvard Law School with support from the Oswald DeN. Cammann Fund at Harvard University.

Panelists:

Carmel Shachar, JD, MPH

Introduction: Carmel Shachar, Executive Director, Petrie-Flom Center
